PAL Program Inclusion Certification and Guarantee Statement

Business Name: _____ Contact Name: _____

Having submitted this request, we hereby state that we have read and understand the applicable specifications for the listed material and for pre-acceptance lists in general. We understand that requesting PAL inclusion explicitly expresses this company's commitment to adhere to the specifications for the material. We also understand that the upon PAL inclusion the material may be removed at MoDOT's discretion, including such reasons as failure of material to meet specification requirements, falsification of any documentation, lack of manufacturer or source response, unsatisfactory performance on projects, or other indications of lack of consistent material quality and suitability.

We hereby requests inclusion of the designated products on MoDOT's Pre-Acceptance List (PAL) for the following sections:

Specification Section	Brief Product Description

Note: Attach additional sheets if necessary.

We understand that we are obligated to control the quality of all material shipped to MoDOT, MoDOT projects, or to contractors or suppliers which will subsequently deliver the material for MoDOT work, such that all materials furnished meet all appropriate specifications. We understand that failure of our product to meet specifications or our failure to comply with MoDOT's requirements regarding procedure or documentation may result in removal from the PAL for a period of not less than one year. We recognize that removal from the PAL may also occur if unacceptable field performance occurs, even if the unacceptable performance is due to inappropriate handling, storage or use by the Contractor or the Contractor's assignees.

We have attached the following required documents and samples.

- 1) A full description of the material (a list of materials including size and grade for applicable facility approval), how material will be identified, and the applicable specification(s) being met.
- 2) A copy of the MoDOT specification being met. (For specifications containing multiple materials, indicate exact specification sections.)
- 3) Other information required by the applicable specification(s).
- 4) Any sample required by the applicable specification(s).

We further understand that MoDOT may sample the material at any time and at any location. We also understand that every effort will be made to obtain a representative sample, but a sample failure may not be exempted based on inappropriate actions of anyone associated with the handling, storage or use of the material.
